ACTIVITY TITLE: SMILE for HIs: Course Orientation and Laboratory Tour

Venue: 3rd floor, SLSU Library **Date Conducted:** October 20, 2016
Time Started: 8:00 am **Time Ended:** 12:00 pm

A. Rationale/ Background of Activity

The SMILE for HIs Extension Project is a non-formal education offering. The core of the program are short-term courses designed for the Hearing Impaired students (HIs). This activity is intended to acquaint the targeted participants about the nature of course offerings. They are given the freedom to choose from the three (3) options that includes short-course in computer technology, commercial cooking or culinary course with concentration in baking and basic electronics course. The project also considered the results of the Multiple Intelligences test administered during their workshop on personality development. This component of the program is in partnership with the College of Industrial Technology. The said college have qualified faculty to teach the said courses as well as the needed facilities and equipment.

B. Objectives

This activity aims to:

1. Motivate the students to pursue skills training that they can use as a source of living;
2. Orient the students regarding the nature of the different courses offered and choose which they will pursue according to their inclination and desire;
3. Explain the duration, pacing and requirements in the completion of the course; and
4. Acquaint the participants with the facilities and equipment available in the University for the Course that they will intend to pursue.

EXTENSION ACTIVITY REPORT

F. Highlights and Summary of Outputs (Descriptive Report)

The start of the seminar, was the welcoming remarks of Ms. Silvia S. Palmero, a personnel from the Extension Services Office of Southern Luzon State University (SLSU). Ms. Palmero discussed the plans tied up between the extension services office and SLSU College of Arts and Sciences, AB Psychology Department, and explained the flow of the activity. As Teacher Sarah Mendoza helped all throughout the day by interpreting the words into sign language for the participants to understand.

After Ms. Palmero's explanation was the further discussion of Mr. Gino A. Cabrera about the overview of the weekly activities to be done with the Hearing Impaired students (HIs) from Mauban and Lucban Quezon.

The first one who talked about the short course in Computer Technology was Mr. Reynaldo Danganan, a faculty of College of Industrial Technology's (CIT's) Computer Technology Department, he gave an overview of what is going to be the HIs activities like introducing and enhancing the skills regarding to the use of Microsoft Office such as MS Word, Power Point Presentation and Spreadsheets Excel, as well as the responsible use of internet in terms of Social Networking Sites and Researches.

Following, was Mr. Sherwin R. Pernia, a Professor from CIT's Food and Beverage Technology, who discussed prior knowledges about baking. Furthermore, Mr. Pernia reiterated some points about what and which baking products are they going to make.

The last topic was discussed by Mr. Jose D. Sanvictores, professor in Electronics Technology. He introduced his plans and objectives for the said project, where Prof. Sanvictores will teach the H.I. students on how to work with basic electronics, he gave basic knowledge about the things that they will encounter during the activity.

The talks and discussions were followed by the tour to the CIT building where they will conduct their training sessions every Saturday. First off, they went to the Food and Beverage Laboratory where the HI's were able to witness students who were working at the said laboratory.

Next, the HI's went to the Electronics Laboratory, wherein they saw the examples of the tools and equipment that they will assemble when they finish the short course in electronics.

Lastly, on the facility tour, they went to the Computer Laboratory where they were allowed to use and utilize the computer units and the internet connection.

The HI students together with some of their parents enjoyed and rested during lunch break. This is to prepare themselves for the next activities wherein two seminars are simultaneously held at one in the afternoon at the SLSU Library's ground and 3rd floor.
